

Contracting Partner : Mutualité française Anjou-Mayenne / 13 Co-Beneficiaries and 43 Associated Partners

Aim

To become the reference point within the European Union for developments in lifelong learning and enablement for ageing people with sensory disabilities in order to maintain their independence and to improve their quality of life.

Objectives

- **1-** To reach a common understanding of :
 - What «ageing» means and its link with sensory disabilities
 - The resulting main challenges (in practice, or in law or in policy making processes)

So that these objectives feed from each other
- **2-** To create a space for the gathering, exchange and dissemination of practices and materials in this field.
- **3-** Through this and other means, to contribute to appropriate EU standards of support for lifelong learning for beneficiaries, to maximise the impact of the work through political lobbying at European and National Levels.
- **4-** Through all appropriate means of dissemination, to maximise on an ongoing basis the impact of the work of the Network at European and National levels.
- **5-** To establish the sustainability of the work of the Network after the completion of the period of EC funding.

Project Period : 1st October 2011 to 30th September 2014
